4/50 Bayview Road, Seddon, Melbourne 3011 • 0478025043 • mr.aungkolat@gmail.com

GitHub / Portfolio | Linkedin

Dynamic and hands-on Systems Administrator & IT Support Specialist with over a decade of experience across end-user support, network & server infrastructure, multi-site hotel/enterprises of IT operations, and automation. Proven expertise in managing Windows Server, Active Directory, Microsoft 365, Linux, macOS and network security (firewalls, VPNs, VLANs). Adept at supporting remote and local teams, streamlining IT workflows, automating repetitive tasks, and delivering high touch executive support. Passionate about leveraging AI and scripting to drive operational efficiency across national offices.

Experience

FEB 2026 – PRESENT
Night Auditor / Guest Services (Part-Time) | Mantra Airport Hotel Tullamarine | Melbourne, VIC

- Provide immediate overnight front-line technical operational support, resolving property management system (PMS).
- Conduct guest check-in/check-out procedures, manage audit reconciliations, and handle escalations under tight deadlines with high reliability.

FEB 2024 – PRESENT
Computer Repair Technician (Part-Time) | Arakan Tech | Yarraville, Melbourne, VIC

- Diagnosed and repaired complex hardware and software faults across Windows PCs, Apple MacBooks, and mobile devices.
- Performed OS re-installations, malware/virus remediations, system hardware upgrades, and storage data recoveries.
- Configured home and small business network setups (routers, Wi-Fi access points, printers)
- Translated technical issues into plain English for non-technical clients, delivering exceptional customer satisfaction.

OCT 2023 – FEB 2024
Teaching Assistant (Volunteer) | Jesuit Social Services | Melbourne, VIC

- Supported classroom instruction for the Be Connected digital literacy program, helping adult learners develop essential computer and job-readiness skills.
- Provided one-on-one technical guidance to participants, assisting with foundational software, web navigation, and online job applications.
- Assisted primary instructor in managing classroom technology, setting up lab environments, and troubleshooting hardware/software issues for students.

OCT 2022 – APR 2023
IT Officer| New Myanmar Foundation | Maesot, TAK, Thailand

- Managed day-to-day IT support, systems administration, and helpdesk operations for remote and local NGO staff.
- Configured automated backup systems, maintained IT asset documentation, and ensured high system availability
- Under the New Myanmar foundation, I conducted bi-weekly online training sessions focused on digital literacy and security for community leaders and pro-democracy activists. These sessions carted to diverse groups including political organizations, migrant worker associations, local NGOs, and women's advocacy groups. By translating complex technical concepts into practical skills, the training successfully guided participants from absolute beginners to confident, knowledgeable practitioners in digital safety.
-

SEPT 2012 – JAN 2021
IT Manager| The Floral Breeze Hotels Group | Yangon, Myanmar

2001 – 2011
IT Support Technician | KMD Group of Computer | Grand Wynn Enterprises | Smart Net Internet Cafe' | Yangon, Myanmar.
